From The Editor

Hi From Me,

I would just like to say thankyou to Steve Farmer for his patience and Scott Good for his guidance.

A big thankyou to our members for your encouragement and understanding as I navigate my way through the publisher programme to put together the magazine.

Don't tell anyone but I am actually enjoying it. .

I would like to encourage you to send me your recipes and your favourite images for the photography page— remember it doesn't have to be club trip related but your Favourite places to go . PS don't forget to tell me where the image is taken .

Some one might see your image and say “ Now that looks like a nice place to go “.

Keep those trip reports coming .

Happy 4wdriving from me to you

Cheers Roz

President's Report

Presidents Report for October 2019

Again I put my fingers to the keyboard to enlighten you the members of our great club as what's been going on in the background. At the last General meeting we had success in gaining more member's into the fold of the committee.

Roz O'Shea/Simpson was elected to be the Editor. Jim Collis was elected to the roll of Public Relations/Advertising. Trevor Banks was elected to be our Tripmaster and lastly Steve Turdak for becoming our supper Co-Ordinator. I thank them all for putting up their hands to carry out these necessary rolls.

At present we do not have any member to carry out the roll of Social Co-Ordinator, I would like you to consider putting up your hand for this position. (remember that the committee is here to help you)

It is good to see that a fund-raiser is being held for our struggling farmers, I would like to think that all of our club attends this great event to raise as much as we can.

I recently went up to Dungog and made myself known with the owner of the lease (Jenny Lamb) we discussed several topics, all of which leaves The Club in a good standing with her.

After the Sept committee meeting I came away feeling good that the club is on track to have another good year.

I have spoken to the Captain of the Dungog RFS and have confirmed that the Fire Truck (barring any fires) will be able to bring Santa to the Xmas Party. However due to Current Water Restrictions and the ongoing drought we will NOT have a water slide for afternoon entertainment. The committee is looking into other activities to replace the water slide

I am always available to listen to members suggestions (positive or negative) on any subject. Remember to ask your mate RUOK

Many Cheers

Neale Simpson

Reminder

We will supply bread, butter, sausages, onions and sauce, also napkins. After the meeting some may wish to drive some tracks, others may take the long way home. These will be announced on the day.

Hope to see you there

Tripmaster's Report

Tabled by Trevor Banks

Trip reports:

Agquip, Pilliga and The Warrungungles – Simon Newton provided an amusing account of this recent trip. Agquip is the biggest agricultural event in Australia, on 32 acres with 3000 exhibitors. The group stayed at the Gunnedah showground for four nights, then moved onto Baradine and The Warrungungles which has had its Visitor's Centre rebuilt after recent fires and floods. Simon had the group laughing with his tale of a flat battery. Thanks to Trevor Banks for running this trip.

Fort Scratchley – Alison Wallace. Four cars attended this spectacular and interesting place that was established during World War II with guns pointing out to sea. Norm, the tour guide who was 92 had plenty of fascinating stories to tell. Afterwards the group went for a drive along the Newcastle beachfront. Thanks to Yvonne and Ken McDonald for organising a great day.

Woko via the Barringtons – Bev Fort. Bev congratulated to Sean and Mystaire for a wonderful trip report after their first club trip. Woko is one of Bev's favourite places. Seven cars with 12 adults and 3 kids attended. Thunderbolts lookout was nice and clear for a change. After lunch there were some large trees, so we had to find a way around them. The descent down Carters Trail was magical, long, winding and slow down into the Woko Valley. We had quick set up at 5.30 as it was getting dark. Water in the Manning River at Woko was very low. We left Sunday morning via Upper Bowman and had lunch at Gloucester tops. TC, Bev and Faye stayed an extra night. Thanks to Faye and TC.

Mt Sugarloaf Day trip – trip report postponed to next month.

Upcoming trips:

- 14-16 September – Crowdy Bay – Yvonne and Ken McDonald. Couple of spots left

FOUR WHEEL DRIVE NEW SOUTH WALES AND ACT BULLETIN

In the past I have reported on events happening in the Association meetings and from emails received etc. Due to the amount of reports and discussions at Association meetings I am not able to record a comprehensive copy of what goes on and I believe that not every Club member at our meetings is completely interested in what goes on at Association meetings anyway. To ensure that Club members are able to get the full benefit of what goes on at Association meetings, I propose that in future I will give a brief report at our meetings and for those members who are interested can log onto the Association website to view the complete minutes of the meetings.

To log in, go to 4WD NOW website and click on “Members Only”, then “Minutes”, then “Documents-Quarterly and AGM”. You can also get minutes from Hunter Region meetings.

You will then have to login. The email address is secretary@cc4wdc.org.au and the password is “national”.

If you have any problems call me on 0414246607.

Members may also be interested in the two links below.

The first is the Amendment document Road Transport (Vehicle Registration) Amendment (Bull Bar Settings) Regulation 2019.

The second is the Full Technical Specification document. Requirements for vehicle frontal systems fitted to vehicles.

There is still no official ruling on light bars and driving lights in general, but I will keep you posted.

WESTERN WOLLEMI

[Musk Duck Spray, Dunn's Swamp]

Date: **October 23 - 28** (Wednesday to Monday), 2019

Class: C-D

Vehicle Limit: 10

Meeting Time/Place: 1.00 pm at Rylstone on Wed. Oct. 23 [at the Recreation Ground opposite Rylstone Hotel]

Information: This was originally designed as a camping trip because the best tent sites are near the water at **Dunn's Swamp**.

BUT, if you wish to bring a caravan or camper-van, these may be set up away from the water.

Cost: The camping fee is \$6 per adult and \$3.50 per child, per night.

Activities include bushwalking, swimming and kayaking in/on the beautiful water reservoir (on the Cudgegong River), rock climbing, Finska, fishing (fishing licence required) and a half day excursion to Ferntree Gully.

The 4WD portion of this trip (only 20km) takes us into the north-western corner of Wollemi National Park, on a rarely traversed track, over Nullo Mountain, via private roads at each end. A scenic drive through the Widden valley brings us back on to the Cox's Gap road, then via Denman for the trip home.

N.B. If you bring your caravan, you will be unable to return via this road.

Depending on the number of caravans in the group, I propose three alternatives:

- (i) Return via Nullo Mt. on Sunday or Monday morning, as indicated above,
- (ii) Escort caravanners through this track, in their 4WD vehicle only; they will then return via Bylong to Dunn's Swamp, to return home, with caravan, via the sealed roads.
- (iii) Omit the 4WD section and travel home on the Sunday or Monday.

If it rains, the third option is the only one, as the track is available in fine weather only.

What to Bring: Camping gear, drinking water, shower (if desired), kayaks (if possible), sturdy walking shoes, swimming togs. [Pit toilets are provided]

Those who have only the weekend available may wish to join us at Dunn's Swamp on the Friday evening.

** We plan to be away from home for some periods of the year, so our mobile phone may not be within range if you ring. Please try again later.

This trip will take us to the wilds of Deua National Park, where the tracks are steep and tortuous, and the views are spectacular. This area is synonymous with the legendary Merricumbene Firetrail which forms a part of this trip.

After meeting up at Braidwood on Saturday we will descend the steep Dampier Mountain Trail into the Bendethera Valley for our first night's camp. The Deua River snakes through this wide open valley which has many campsites. Drop toilets available.

On Sunday we'll drive the iconic Merricumbene track to camp at the picturesque Dry Creek campground, on the banks of the Deua River. Here there will be plenty of opportunity for a swim, if you're brave. If this camp is full we'll continue to Araluen free camp. Both options have drop toilets.

Monday we will pack up camp and proceed up the steep Yellow Flower Firetrail to Buckenbowra and then out to Braidwood via the Gollarabee switchbacks. The trip will officially end here in time for you to have a safe journey home.

Actual tracks driven may change subject to conditions.

Driver Awareness Training Stage II

21st and 22nd September

Trip Report

Eventually arriving around 15:30 on Friday afternoon a little frustrated by the hour and fifteen- minute detour, due to the bridge being closed for roadwork all of 5km from the We-Leaser. A workman advised me that I could wait 45mins for the bridge to open or drive around via the detour, which would probably only take about 45 minutes. I decided on the detour which as it turned out was a slight error although it was the scenic choice.

Ian and Fiona had camped in their recently purchased camper trailer at the club lease from Thursday evening. Upon arrival the campsite was however empty as they had decided to go into town and had the same issue at the bridge when returning, they made the wiser choice and came back after 3pm.

It was a little interesting setting up my tent alone but I managed. We then had a beer and a chat. Ray and Linda arrived a few hours later, followed by Dave the course director for the weekend. Dinner was anything easy and unofficial. We decided to make a little fire under the cover as the air was fairly chilly once the sun had gone down.

Saturday was the big day. I decided that providing a lot of detail about the course specifics was not necessary as it would spoil the surprise for other people who attend future courses. Besides every DTU II course is likely to be a little unique. There was a slight issue at the beginning of the day as our three additional trainers were also caught out at the bridge and arrived about two hours late after their "little detour". Saturday was an amazing and thrilling day and I can safely say that everyone learned a lot and had a great experience. The ability of the modern 4WD continues to astound me. The vehicles on the course varied in both age and make. Two of the three were Mitsubishi Pajero's.

On Saturday night Dave cooked us all a 5 star barbeque dinner, even including salad. Afterwards we sat around the campfire and enjoyed the peace and natural beauty of the area as well as the company of those involved.

Sunday morning was not part of the official training day however the three participants all decided to have a little play with our winches. It was another beneficial learning experience for us.

I had never been to the lease before and was blown away by just what an awesome little place the lease is. It is simple and yet provides all you could ask for while camping, we truly are fortunate to have this wonderful facility.

Dave did a great job running his first Driver Training Stage II course and the instructors are one of the best sources of information and always extremely accommodating and helpful to us participants. My advice to anyone who is considering doing the course is "do not hesitate", as you will gain invaluable 4WD knowledge, capability and have a ton of fun.

Thank you to everyone involved, already looking forward to the next trip, Sean Du Toit.

CROWDY BAY / DIAMOND HEAD BEACH

Dave, Heather & Leesa Brown

Trevor Banks

Neil & Ros Simpson

Brian Payne

Sean & Missy De'Toit

Bev Fort

Ray & Linda Hill

Ken & Von McDonald

Most of us met up at Hungry Jacks at Heatherbrae for breakfast then headed north.

We stopped at Cooperook for a drink at the pub then on to the camp where we met up with everyone else.

After setting up some headed into Laurieton to see the lookout on North Brother.

Once they were back happy hour began at Dave and Heather's as they had the biggest awning.

Sunday saw us head of to Coorabakh National Park. Our tour took us to Vincents lookout, Newbys cave, newbys lookout, then on to Big Nellie for morning tea. Our next lookout was flat rock with magnificent views down into the valley.

We continued along the ridge line then down to waitui falls which sadly had no water, it is a lovely cool spot and good swimming if the water is running.

Our next stop was Hannamvale which has a good coffee shop to have our lunch.

After a nice break we continued on up to Middle Brother forest to check out Bird Tree which is the biggest tree by volume in NSW.

Back to camp and another enjoyable happy hour.

Monday saw most people head off for the trip home, those that stayed went for a drive into Laurieton for coffee and scones then up to Lake Cattai to enjoy fish and chips by the lake.

We enjoyed glorious weather the whole weekend with some nice strolls on the beach but not warm enough yet to swim.

It is a very pretty part of the coast and well worth the trip and a great place to enjoy a break.

IMPORTANT NOTICES

The lease manager would like to remind everyone not to feed the horses at the lease as they become too familiar and can cause damage to cars, vans and tents.

Also, just a reminder, that NO PETS are allowed at the We-Leaser under any circumstances, unless they are a registered assistance animal, and have been approved by the Committee.

One more thing..... When visiting the lease please remember to sign in to the visitor book, as this is an official club site and we are required to take attendance, just like we do at club meetings and trips.

This is Club 4X4 Country

You have arrived.

You took that red dirt track, wheeled your way through the mud and battled the bulldust.

You find yourself a nice secluded patch to set up camp for the night, or maybe two – who knows. The awning is out and the rooftop tent is ready to lay your head later that night. The campfire is roaring and the Milky Way is beaming down at you. This is what it's all about right? Well you're not alone, this is what we're about too.

How often have you found yourself in this setting and considered what you would do if the worst were to happen to your kitted out 4X4? Take a moment to do that – we'll wait.

Would your insurance payout allow you to rebuild this dream? If your rig burnt to embers that night, how much would you be covered for? If you had an accident on that red dirt track, would your insurer cover you for driving there?

If you're not sure, head on over to Club 4X4 country, we understand what you need.

A REQUEST FOR HELP

As has been mentioned before, we are trying to attract some more families into our club to keep it balanced and fun for ALL age groups.

We are looking for ideas that will assist us to attract more families with kids to the club and also to get more of the members with kids to participate in more activities.

Please put your thinking caps on and let us know via email or Facebook if you have any ideas, or if you are a family with kids, what sort of events would you like to see. It doesn't have to be four wheel driving, any event that gets us together and having some fun is all we are looking for.

So please, give it some thought and let us know.

The committee's email addresses are all on the second page of this magazine

TRIP REPORTS

Please note that all trip reports are now to be done online. Trip reports via the Association website www.4wdnow.com are a crucial part of the relationship we have with State Forests and National Parks for land management. They are the primary mechanism to advise these land managers how we use their 'assets' thus enabling them to make well informed, more collaborative land management decisions. Information that we can provide includes:

- what areas (asset locations) we visit
- how many of us visit and how often
- the status of facilities, tracks, damage, rubbish etc

To log a Trip Report online, please first "register". Once your registration details have been confirmed by CC4WDC, you will be able to "log in" and complete a trip report:

Here's how to register:

1. Go to www.4wdnow.com
2. On the top right hand side of the webpage, click "Register"

NOTE: You won't be able to log in and submit a trip report straight away, as your request first needs to be confirmed by CC4WDC; you will receive a notification when this is done.

3. Fill the details requested in the next screen

Logging your trip on the website:

1. Login to www.4wdnow.com

2. Click on "Resources" and choose "Parks & Forests", then select "Trip Reports Forests NSW" or "NPWS"

3. You will see a form like this to be completed and submitted online

There are dropdown boxes to make it easier and quicker to fill in and submit.

Driver Awareness Training

Stage One

Dates for 2019— all sessions start at 8 a.m. and run until approximately 4 pm

October 20th

Where: Cooranbong Community Centre, 614 Freeman's Drive, Cooranbong.

What to bring: Food and drink for the day, a pen, basic recovery gear and a readiness for learning.

What to expect:

Stage One training is an introductory course to 4WD. The day is split into two parts, initially at the community centre and involves theory, starting with the basic mechanics and safety knowledge of a 4x4.

Morning Tea break allows the trainers to work with each participant and their vehicle, locating and identifying the necessary safety equipment in their truck.

The next session outlines driving techniques over various terrains and an introduction to club protocols.

After lunch we move into a practical training session allowing you to practice your skills in a safe, supervised area. This session will cover the essential safety technique of a stall start recovery, followed by practice in picking a line in ascents, descents and basic rock steps.

Driver Awareness Training

Stage Two

Dates for 2019—sessions start Saturday 8 am, with additional opportunities on Sunday

16th & 17th November

Where: Club Lease 'We-Leaser' Dungog.

What to bring: Food and drink for the two days, however, dinner is provided on the Saturday night. Vehicle checklist from Stage One training and recovery gear.

Recovery Gear: Front and Rear recovery points, snatch strap, bridle or tree protector, dampener and rated shackles. **Please note**, that a trainer will accompany you during the practice drive and there must be a seat available in your vehicle.

What to expect:

Stage Two training is a full day of practical exercises completed as a team to expand on the knowledge gained in Stage One training.

We further investigate aspects of vehicle maintenance, practising pre-trip inspections and completing a tyre change.

After morning tea, we revise the stall start recovery and simulate simple snatch strap recovery techniques- this is where you finally get to use all that wonderful gear you've brought along.

In the afternoon we head out the back gate and put our training into practice. Taking the back tracks through the State Forests we complete rutted and rocky tracks and simple water crossings.

Prior to dinner, we complete a simple revision assessment as a group.

Upon completion of Stage Two, you will be prepared to undertake the NSW and ACT 4WD Association Accreditation certificate, a nationally recognised qualification.

Monthly Joke

An American businessman was at the pier of a small coastal Mexican village when a small boat with just one fisherman docked. Inside the small boat were several large yellowfin tuna. The American complimented the Mexican on the quality of his fish and asked how long it took to catch them. The Mexican replied, that it only took a little while. The American then asked why he didn't stay out longer and catch more fish. The Mexican said he had enough to support his family's immediate needs.

The American then asked, "But what do you do with the rest of your time?"

The Mexican fisherman said, "I sleep late, fish a little, play with my children, take siesta with my wife Maria, stroll into the village each evening where I sip wine and play guitar with my amigos. I have a full and busy life, señor."

The American scoffed. "I am a Wharton MBA and could help you. You should spend more time fishing and with the proceeds, buy a bigger boat. With the proceeds from the bigger boat you could buy several boats. Eventually you would have a fleet of fishing boats. Instead of selling your catch to a middleman you would sell directly to the processor, eventually opening your own cannery. You would control the product, processing and distribution. You would need to leave this small coastal fishing village and move to Mexico City, then LA and eventually NYC where you will run your expanding enterprise."

The Mexican fisherman asked, "But señor, how long will this all take?"

To which the American replied, "Fifteen or twenty years."

"But what then, señor?"

The American laughed and said, "That's the best part. When the time is right you would announce an IPO and sell your company stock to the public and become very rich, you would make millions."

"Millions, señor? Then what?"

The American said, "Then you would retire. Move to a small coastal fishing village where you would sleep late, fish a little, play with your kids, take siesta with your wife, stroll to the village in the evenings where you could sip wine and play your guitar with your amigos."
